Audacious Messenger is a dramatic, inspirational, suspenseful, mystical, love novel, filled with Trials, Tribulations, and Triumphs, concerning the last son of a family of seven. The main character was born during the final days of the Great Depression and lived his formative years through World War II. He was the first in his family to ever graduate from High School. The "Golden Days" of Rock and Roll, hot rod Fords, and the two dollar bill greatly influenced him. He served honorably in the US Navy and was stationed with the US Marines. Then he spent his working life in direct sales, traveling throughout the eleven western states.

The story setting takes place in the city parks of Butte Falls and Medford, OR. It is written entirely in the author's signature style, calligraphy. All books will be signed, dated with special inscription added upon request. Individually numbered, 400 pages, cover-to-cover: full of intrigue. The first edition will only be available directly through:
