

# Butte Falls Bulletin

A Publication of The  
Butte Falls Community  
School Partnership at  
The Landing

March 2012  
Volume 17 Issue 3

To the community of Butte Falls,

I was recently a patient at our new community health center. I want to congratulate the people involved in getting this facility here. It is an asset to this community as we enter the 21<sup>st</sup> century.

Dr. Rebecca Vose and the employees have to be commended on their professionalism, friendliness and the ability to make one feel at ease.

For my cohorts who have a hard time visiting a doctor, have no fear, you will be in good hands. Talking to Dr. Vose is like talking to your best friend.

Again, don't hesitate to use the clinic, it's good for the community and for you.

Ron Ormond, Mayor

**Scott Beemer** – you were seen picking up trash in front of city hall on Valentine's Day. If this kind of behavior happens again, we might have to give you a medal. Seriously, **THANK YOU SO MUCH** for doing this good deed.

City Hall Staff.

Butte Falls Clinic

772 Laurel Ave.     541-842-7799 Phone  
Butte Falls, OR. 97522     ♦     541-842-7798 Fax

Hello everyone !

Please contact me at the following cell phone number...#541-210-7096. I apologize for this inconvenience. My old phone # is no longer in service.

I want to let everyone know that I will be placing an order for 13 more name plaques in the near future. "THANKS" to everyone who contributed in my dad's name ! I am nearly done placing name plaques throughout the cemetery. This was a task and a challenge that has made me very proud!! A order has been sent off to purchase 25 metal markers for placement of name plaques. Anyone who was thinking of purchasing a name plaque for a loved one or "pet" should contact me. Remember, a plaque could be a favorite saying, bible verse or pet's name etc. Plaques cost \$30.00 each. Anyone wanting to purchase the "black" metal marker the plaque fits in, should contact me. I will have the cost in the near future.

*"NOTICE".. After many phone calls and people asking me... "We are not logging the cemetery."*

In the near future as you drive by the BF Cemetery you may notice **WORK & EQUIPMENT** going on in the cemetery. **PLEASE do not stop and walk into the cemetery!** This is for everyone's safety. I showed Mayor Ron Ormond 2 large oak trees which are very dangerous. They contain "dead" wood and stress fractures and lately limbs etc. are falling out of the trees. A few trees which are on the front fence line have grown enough that the fence is bending. This problem must be addressed also. Hopefully these problem trees will be removed. Access and tree removal will not harm the graves and/or headstone. **"I will be there!!"** I have contacted Stan Moore & Dale Thompson and the wood will be donated for the needy.

Until next time...May God Bless

Karen Davis
