

BUTTE FALLS CHARTER SCHOOL

The staff at the Butte Falls Charter School has been engaged in a yearlong training with the Oregon Natural Resource Education Program, (ONREP) through Oregon State University, learning to teach a more hands on curriculum and integrating the outdoors into lesson plans. The site will offer opportunities for our students to learn math, language arts and other subjects outside the classroom setting. The district is planning on an "open house" in May to invite the community to come see our visions and celebrate the collaboration of everyone involved.

If you would like to be involved, we are looking for volunteers that are skilled in plumbing, electrical, carpentry, equipment operators, and other areas to help our dream continue to move forward. Please contact the district office at 541-865-3563 ext. 5.
