

Happy Holidays from everyone at Community Health Center!

Do you have questions about Cover Oregon? Changes in healthcare? Need help applying for Oregon Health Plan? We have assistance available to help people apply for OHP, SNAP benefits and other resources.

This time of year can be difficult for many families in our community. We, at Community Health Center, are working with other agencies to help those in need.

In a partnership with Maslow we were able to help 7 families with Christmas gifts. Maslow has provided many resources to support students experiencing housing difficulties and low-income families. We were also able to put together gift bags for the preschool children with blankets and books.

Providence Festival of Trees provided 25 tickets for An Evening of Giving to our Butte Falls Clinic. We partnered with the elementary school and the Landing to find families to attend.

During the month of December we will be hosting a food drive to benefit the local Access food pantry run by the Butte Falls Community School Partnership. Last year, with the help of the community, we raised 321 pounds of food to benefit the hungry in our community. Let's do it again! If you would like to help, bring in canned or dried goods to the clinic any time during the month of December.

Once again, we wish you all a very Merry Christmas and Happy New Year!!
