

Natural Resource Center Happenings:

On September 17, grades 7-12 toured the local area known as the Loop Tour. Special thanks to Linda Spencer and Joyce Hailicka from Community Partnership for Revitalization, Alan Buchta (retired BLM), Les Moscoso (USFS) and Dennis Burg (Medford Water) for helping us on the tour. Besides a little rain and a broken bus, the day went well.

Thank you to Ms. Brown for the photos!

Charter School Grant

September 30th marks the end of the first year of the Butte Falls Charter School's CSP federal grant. The school celebrated many successes this year including further developing project-based natural resource curriculum, updating and upgrading technology throughout the district, completing several strategic planning documents and providing ample professional development to teachers. BFCS looks forward to another exciting and productive year.
