

PRESCHOOL EXPLORATION

Children collected seeds in our back yard and sorted the ones that looked the same into a tray

They had to crumble some of the dried flowers to find the tiny seeds inside.

Science
in our
own
back
yard.

Then the children put seeds under a magnifying glass to look at them.

The seed look different under a magnifying glass.

HOSTS MAKE IT HAPPEN.

Many events are hosted by volunteers who have planned activities, opened The Landing and set up the space every month for the past several years. Lisa Fox runs our Bingo games every week. We want to thank her for the many hours she has spent volunteering at The Landing.

BINGO

Join us for 50/50 Bingo
Wednesdays 6:30 pm at
The Landing.
