Truly a Community Event

Josh McGonagle is in the background taking a photo Cathy Kirkpatrick (grandmother) holding 1 year old Miles and Cheyenna McGonagle holding the bucket.

The Butte Falls Community came together once again to celebrate a rainy Easter. For many the day began with a Sunrise Service held inside due to weather. The members of the BF Community Church started the morning out right with a healthy breakfast.

The Easter Egg Hunt for the children took more time to prepare than it did for the children to find the eggs. Members of The Fire Department pitched in to stuff eggs. Donations from members of the community were much appreciated was the help of folks from the Church at Landing who hid eggs. Susan Cookson did a great job of organizing the whole thing. Organizers, family and children braved the rain to celebrate this traditional event.

All three Easter Church Services were well attended by families and extended family members visiting our community.
