

My Experience at Butte Falls

By: Samantha Estabrook

Since I've been at Butte Falls there have been things I like and dislike. Here are some of them. I like the students and teachers they are all really nice for the most part. The grading system is great too. At my old school we went by the proficiency system but at Butte Falls they go by the A-F system. It was really hard to get good grades with the proficiency system. Here it's easier, and the classes are easier to understand. The teachers actually answer your questions. Also they explain the assignment and if you still don't understand they will pull you aside and explain it again. The only thing about Butte Falls I don't like is how short the lunch break is. We barely get to hang out with our friends. But other than that Butte Falls is a great school overall and I highly recommend it.

Media Class Needs Your Pictures!!!

If you have pictures you would like to have included in the yearbook and publications please contact Ms. Brown. You can share your pictures with her via email sbrown@buttefalls.k12.or.us, or you can share them using the free Photo Circle App.

Download the App and Enter the code **531654** to join the group Butte Falls Media and start sharing you pictures.

School Pride!

By Kyleigh Nelms 9-19-16

One of my favorite things about Butte Falls Charter School is the staff. The staff members at Butte Falls are very kind and very helpful. The staff doesn't leave anyone out and they try there hardest to get to everyone when students need help. My second favorite thing is how much the community is tied in with the school. When we do things we do them as a community, as one. This makes it feel like we are one big family, instead of a town. Another thing that is my favorite are the students. Most of the students are very kind and very helpful. Sports is another one of my favorite things just because of how supportive the school is to our teams. The last thing that's my favorite is the senior rock outside by the school, because it's going to have my name on it for a year and its super creative.

Butte Falls has many great qualities, but in the past couple of years the rules have been changing. One of the rules was about going off campus and how you had to be in the 9th grade or higher to go off campus. Last year they changed that rule and made it so the 8th graders could go off campus. The 8th grade and the 9th grade aren't that big of a difference but the rest of us still had to wait. Going off campus is something that you earn, so this rule is no longer my favorite. We earned going off campus, and I think they need to wait and earn it too.
