

AS I SEE IT!

What an amazing birthday party for a pretty special little guy! Make a Wish Foundation really came through for Carter's 8th birthday. With bounce houses, games, barbeque, and Dutch Bros. Coffee, a fun time was had by all! My wish for the little man is that the medicine will be finished soon! This Grandma loves you! (and your mommy and daddy too!)

Since last month was dedicated to Mothers day, it seems only fair that this month be devoted to Fathers Day! My daddy was a tall drink of water (6'6") who loved horses, his wife and his daughters. (not necessarily in that order)

He taught me to always stand up and speak up for what I felt was right, even if I needed a step stool. He taught me the meaning of respect, both giving and receiving. Work hard for what you want and never take anything (anyone) for granted. Don't judge a book by its cover but don't feel bad walking away when you are through with it. I learned how to ride horses, milk cows, cut hay, build barns and drive his 56 Chevy pickup. I also learned how a gentleman treats a lady and not to accept anything less! He always called me baby, no matter how old I was and he was my hero, my protector, and my whole world.

There is another father in my life and that is the father of my children. He is my other half, my soul mate and my best friend. He is a great Dad to our three children and an amazing Grandfather to our grandchildren. I thank God for him everyday!

Happy
FATHER'S
DAY
