

AS I SEE IT!

Wow, what a busy and life changing month. The fourth of July was hectic with five children going in five different directions but the evening was more laid back with BBQ and fireworks. Sometimes I ask myself why I do what I do, but watching the grandbabies eyes light up when they were doing their sparklers, I know why.

July 5th, my husband officially retired after working for the same company for 33 years. It is nice to have him home once again. I have him busy for probably the next year but after that.....

We started the ball rolling on building our new home on our lot here in town. We decided that we needed more space and we want a better built home. I am really excited and can't wait until we get it done!

Speaking of my husband, I think he is pretty amazing. He has always been my biggest supporter. When I talked to him about bringing Arielle into our home, he didn't hesitate, just told me to go get her. August 11th is our 40th anniversary and I can't imagine my life without him. He is my best friend, my other half, and my soul mate!

There are lots of changes coming for The Bulletin. Stories about Butte Falls and the residents, maybe have a citizen of the month, the possibilities are endless. Please be sure that you stay tuned in the following months!

I hope that all are having an amazing summer, and parents take heart, school will be here before you know it!

P.S. Our email address has changed, it is now:
