

Dear Butte Falls Community,

This quarter Butte Falls Charter School has a new elective for participating Juniors and Seniors. In this elective our objective is to give back to the community. To do so we have a small group of students eager to help out and assist other community members which in turn will allow these students to obtain the required amount of community service hours while creating a good reputation for Butte Falls Charter School. It's been brought to our attention that with the winter months approaching there will be older folks and such that may need help with the following:

- Firewood stacking/cutting
- Shoveling snow
- Raking leaves
- Cleaning gutters
- Household chores
- Yard Work
- Etc

If you are in need of any of these services please fill out the following information and a student will be in contact with you to schedule a date and time as soon as possible.

Name: _____

Address: _____

Task: _____
