

Public Announcements

Upcoming Open Range

We would like to notify the residents of the community that open range season is just around the corner. Starting April 15th the areas of Cobleigh Road, Obenchain Road, Rocky Hill, and the area west of Butte Falls will have cattle grazing on the range. By June 1, the entire Butte Falls area will be active with grazing cattle. This is a reminder to check your fences for any repairs that may be necessary to keep wayward cattle from entering places they are not wanted. Thanks for your attention in this matter.
