Our clinic will be available for sport physicals throughout the summer, but we have one day set aside to do nothing but sport physicals and that will be on Wednesday July 24th from 9:00 to 4:00 with Sara Kinney. Anyone can call to set up an appointment. The cost is \$10.00, but if the student is due for an annual wellness exam (Well Child Check) it can be done together and charged to the student's insurance, so no out of pocket cost.

Also, in August (don't have a specific date yet) we will be holding an urgent dental care day for anyone that is needing urgent dental work / care to be seen by Dr. Jeffery Jacobs in our Butte Falls Community Health Clinic.

One more item, we are renovating our School Based Health Care waiting room YAY!!! We want to make the student waiting room more inviting and welcoming. Students can come and relax in the cool office that will be newly painted; there will be new artwork, furniture, books and other educational items. All students are welcome and can visit anytime they like.
