

Judy from Hong Kong with the Fuller family in Alabama

We love the experience. This is our 4th year to host and every year we believe to be our best. We recommend it highly to our friends and even have convinced 2 families to host next year!! Our coordinator is awesome and ALWAYS there when we need her.

Letters from **HOST PARENTS**

"Hosting also brought our family closer by working together to help our student have an experience to remember."

—The Ashton Family

"I don't think there was a dry eye in the house when we had to say goodbye. We have already booked a trip for September to go visit him and meet his family."

—The Smith Family

"We realized that families are very much the same no matter what part of the world you are from!"

—The Dietel Family

"My children understand now that the world is bigger than our town, our state, and our country. They are excited about national events more and are concerned about choices affecting our world. They learned that they can love somebody with a different language from a different country."

—The Graf Family

"We always learn something new and find out again how much we are all alike. It is amazing how you learn to love a total stranger in a short period of time."

—The Rothenburger Family

"This was a great way to give our daughter a real sister of her own age. Such a joy! We wouldn't have traded her for anything!"

—The Irvine Family

Letters from **STUDENTS**

—Renato from Italy

"I love how nice people are here! I love the small talk and that people talk to strangers in the grocery stores."

—Vera from Finland

"Now instead of having only one family in Spain, now I have two families—one in Spain and other in the USA!"

—Tainie from Spain

"I want to say thank you for my host family. They helped me a lot. When I was sad, they worried about me. When I was happy, they were happy too!"

—Reiko from Japan

"This year made me realize that people are the same no matter how or where they live, and I became much more independent too."

—Camila from Brazil

"I really love my host parents as my second mom and dad. I'm sure I will miss them a lot."
