

**Butte Falls Community Forest**  
**Since 2021**  
**Healthy Trees, Clean Water, Sustainable Community**

**Conservation Easement:** Don and Linda completed the response letter regarding questions about the conservation easement. It will be sent to the chair for review and then emailed to the townsperson, mayor and other commissioners.

**Camp Host:** The Falls Hosts are in place and all seems to be going well.

**Team Cohesiveness:** Commission information must go through Janice. We have to make sure our info is solid, so Janice will communicate with the commissioner involved or the mayor. Then everyone will know the same thing hopefully. I'm not trying to silence anyone. Just make sure our info is correct. Slow down before sending an email or telling somebody something. Check your info is correct. **Of course, town information must go through Trish.**

**Crossing the Flume:** EPID said no to using the flume as a bridge, too much liability.

**Requests for Interviews:** There are more interviews coming to the Commission. We will be involved. Next one is with JPR. Since the newspaper article went out, people are writing and thanking us for our project actually. That is very cool.

**Revision of Ordinance 342.1:** We reviewed the ordinance with the latest changes. Some additional changes were suggested and we will review again at the next meeting. Phone attendance was approved.

**Grant:** A grant for some signage on historic buildings and other points of interest is in the works. We should know in January. We will continue to use RVCOG and Justin for grants, as well as the new project consultant.

**Bulletin Board of Businesses:** Bulletin board is built. Don will see about getting it up.

**Audience Participation:** Skip Brown mentioned there are a lot of bug-kill trees around. He would like to see them logged. Don had a good conversation with him about that after the meeting was adjourned.

**Old Business:** Still need to post the open commissioner's position for the food forest. It is a volunteer position. Need to have the Town Council approve Janice as the Recreation Commissioner.

Janice adjourned the Meeting 7:08

Respectfully submitted
