

OSP Basic rule key to many citations

Continued from page 8

180 degrees going into the ditch. Guzman Brother's towing removed the vehicles and they were able to leave under their own power," Yoder reported.

A jackknifed truck blocked the freeway at milepost 146 eastbound, at approximately 1:30 a.m. eastbound. The driver was uninjured after losing control due to icy conditions. On Feb. 12, 11:09 at milepost 79, a Tualatin resident driving a Ford truck said he was going 60 mph when "he took his foot off the gas and the back end slipped out. He stated that he gained control, but about 100 yards later, the back end broke loose again and the truck began fish-tailing. The driver lost control and the Ford truck struck the guardrail, the median and the guardrail a second time, before coming to rest ... The total distance traveled while pin-balling off the guardrail and median was about 775 feet."

Feb. 13, along Highway 35, milepost 93: Five subjects with skis where contacted at D & P Orchards just off of SR 35 (just north of MP 93). The report stated, "There were two vehicles parked at the bottom of the hill and the subjects were walking to the top of the orchard. There was an open face that was cleared of orchard trees several years ago. There is a obvious boundary of fence posts that the subjects crossed to go onto the property. After the subjects skied down to their vehicles they were contacted. The subjects were asked if they had permission from the landowner to be on the property. One of the subjects eluded that they knew the landowner but when asked what the landowner's name was the subject said his dad knew him. None of the subjects knew who owned the property and they said it was not posted. It was pointed out that the subjects crossed a fence line onto private property. The subjects were told to get permission in the future before going on private property. The landowner was contacted regarding the trespassing skiers. The landowner inquired if the names of the subjects were

obtained to see if any damage was done to the sprinkler irrigation system."

Feb. 14, 3:42 p.m. milepost 53 — A Mercury passenger car driven by a Hermiston man "lost control on the icy/snowy road conditions, the vehicle spun around three times before striking the center barrier and travelling across both lanes of travel and coming to rest in the shoulder snow berm."

Feb. 14, 4:18 p.m., milepost 53 — Report of a maroon hatchback traveling westbound at 79 mph during adverse weather conditions. The trooper located a vehicle matching the description and checked its speed as fast as 67 mph (also too fast for conditions). The driver admitted to being suspended and a driver's check confirmed his driving status was suspended misdemeanor in Oregon. The driver was issued a criminal citation for driving while suspended misdemeanor and for violation of basic rule (too fast for conditions).

DEATHS AND SERVICES

Sheila May Weber, age 79, a resident of Moro, Ore., died Feb. 16, 2021. Graveside services were held Feb. 20 at Moro Cemetery. Spencer, Libby & Powell Funeral Home is in care of arrangements.
