UNION SUNDAY SCHOOL PICNIC A SUCCESS

The Union Sunday School picnic was held last Friday and was a great success. Everybody agreed they had a most excellent time. Over 125 were in attendance, representing the Sunday Schools of Florence, Glenada, Acme, Portage and Minerva.

After dinner—a program was given consisting of an address of welcome by Rev. John Drumm; Sunday School experiences, told by Mrs. Haring of the Portage, and L. Ackerly, of Minerva; Struggles, Trials and Pleasures of early Sunday School work by Mrs. C. B. Cushman.

Mrs. Mary B. Young was elected president of the Siuslaw Valley Sunday School Association for the ensuing year.

Plans were discussed and made for a Sunday School convention at Florence, a Sunday School rally on the North Fork and a greater and better picnic on the same grounds next year; the employment of a Sunday School missionary to visit and organize the Sunday Schools of the Siuslaw Valley.

At this time the organization asks and needs the hearty co-operation of everyone and have confidence that in the future as in the past this will be readily given.

These picnic gatherings of the Sunday Schools along the Siuslaw are full of interest and pleasure to those belonging and gives added interest to the work. This year it was just a start; next year it will be better.

NEW RATES ARE NOW IN EFFECT

On last Friday Aug. 15 Postmaster general Bureson inaugurated the new regulations changing the parcel post rates and weight limit by mailing President Wilson a box of fine Georgia peaches. The box, which weighed 17 pounds, with a postage charge of 13 cents, was delivered at the White House early in the day.

The new regulation, which became effective today, raises the maximum weight of parcel post packages from 11 to 20 pounds and makes certain changes in the rates. The local delivery rate of postage was reduced from five cents for the first pound and one cent for each additional pound or fraction thereof, to five cents for the first pound and one cent for each additional two pounds, or fraction thereof.—Eugene Register.

WEDDING AT MAPLETON

A very pretty wedding occurred at Mapleton Tuesday, August 19, 1913, when Miss Ada Martin, and Percy Whitaker were united in marriage at the Evangelical church, in the presence of a large number of friends and relatives.

Miss Edith Miner was bridesmaid and Lloyd McClain attended the groom as best man. Miss Edith Yates played the wedding march: "Here comes the bride" and Rev. Walter V. Wall united the young couple with a short impressive ceremony.

A banquet was served at the Palace Restaurant and was a very enjoyable feature. As the "newly weds" were on their way from the church to the banquet their friends showered them with old shoes and rice. Some amusement was had at the expense of Lloyd McClain when he found the ring in his share of the bride's cake.

A petition was presented at the special meeting of the board of trustees last Monday to improve by plank about 20 blocks in Florence. Beginning at Josephine on Lincoln and running to Front. Beginning at Lincoln on Front and running to Jackson. Beginning on Jefferson at Front and running off Jefferson street and Garginer avenue and running to Pacific avenue. The notice of improvement will be found in another column.

Forest Supervisor A. E. Cohon shipped a number of men yesterday to Cape Perpetua, in his reserve, where he is building a county road about that point. He shipped the men, not so much because he could not find them there, but because he found several here who appeared really to need and deserve work. He is using many of the government teams, and is doing the work without contract. Engineers estimated that the work would cost over \$7,000, but by doing it himself, co-operating with the counties, in the use of their road apparatus, he expects to complete the road through the rock for the sum allotted, \$6,400—Eugene Register.

TO ISSUE \$180,000 ADDITIONAL BONDS

At a special meeting held last Thursday the port commissioners voted to have a resolution drawn up issuing \$180,000 ten and twenty-year bonds. This will have to come up at the next regular meeting for passage to conform to the legal method of issuing bonds.

Quite a number of business men were present at the meeting and expressed a unanimous opinion in favor of immediately issuing the bonds and inducing the government to meet the port with a like appropriation.

The commissioners all seemed to think something was necessary soon and contemplate this action in order to save every item if possible and be ready to extend the work in a short time.

It will be very good news to sportsmen to know that they have succeeded in convincing the National game commission, who have charge of the protection of the migratory game birds and the fixing of the open season for killing the same. That the open season for killing ducks and geese and other migratory waterfowl will open October 1 and will last, until January 15. Senator L. E. Bean received word from A. C. Dixon, who is now in Portland, and both these gentlemen have worked indefatigably for the change, saying he had seen W. L. Finley, who is a member of the commission and he had reported the matter to his members and they were agreed that the proposed change would be better all a round. While the order is not yet in effect, Mr. Finley said he was so sure that it would do no harm to give the matter publicity. This will be mighty good news to the duck hunters.

SERVICE.

The sweetest lives are those to duty wed.
Whose deeds, both great and small,
Are close knit strands of an unbroken thread.
Where love ennobles all,
The world may sound no trumpet, ring no bells,
The book of life the shining record tells;
Thy love shall chant its own beatitudes
After its own life working. A child's kiss
Set on thy sighing lips shall make thee glad.
A sick man helped by thee shall make thee strong,
Thou shalt be served thyself in every sense.
Of service which to men thou renderest.

—Robert Browning.
