

Self Sacrifice

Economize for the purpose of being independent is one of the soundest indications of manly character. It is what we save rather than what we earn that insures a competence for the future.

FOR CONGRESS.

To the electors of the First Congressional District:
I am a candidate for Congress on the Republican ticket at the primary election to be held May 15th. Briefly, first I stand for the improvement of our rivers and harbors. For the enacting of new, or the amending of the present homestead laws to cut out the cultivation clause, and make it possible for the wild lands of Oregon to be settled. For the surveying and classifying of the 16,000,000 acres of land in our Forest Reserves that the agricultural and grazing land may be opened to settlement. For free tolls on American bottoms. For Government aid for good roads. For just and liberal compensation for all labor, and for national suffrage for women. If the Government shall finally win the suit now pending against the Oregon & California Railroad Company, I will do all in my power to keep these lands from being placed in the forest reserves, and will work to the end that the grazing and agricultural lands therein be opened to settlement under the homestead laws.
