

FLORENCE PUBLIC LIBRARY OPENED LAST SATURDAY

The Florence Public Library was officially opened to the community last Saturday. While the State Traveling Library has been opened every since July 17, the use of the books owned by the Florence Library have not been available before because of the lack of blanks and necessary supplies to carry on the work. These arrived last week and the public can now secure books from both libraries.

The State Traveling Library has a list of books furnished to communities by the State Librarian and are changed every six months. The rules governing their use are very similar to those of the local organization. A list of these books were printed in a recent issue of the Pilot.

The rules governing the Florence Public Library are as follows:

Borrowers—Any responsible person living in Florence or vicinity is entitled to draw books by signing the application provided by the librarian. Children must obtain the signature of parent or guardian.

Number of Volumes—Two books may be drawn at a time, one of which is fiction. The volumes of the same work are considered as any book.

Time Kept—Books may be kept two weeks and once renewed for the same time. Books marked "Seven Day Books" may

be kept for that time only and cannot be renewed or transferred.

Fines—A fine of one cent a day will be imposed for books kept overtime. No book shall be loaned to anyone who has failed to return books or pay fines in accordance with the rules. Borrowers are required to pay for lost or injured volumes.

Temporary Residents—A temporary resident may obtain a borrower's card by filling out an application blank and obtaining the signature of a resident freeholder, or by a temporary deposit equal to the value of the book.

A patron of Florence Public Library is entitled to use one book from each library.

The library is opened every Saturday afternoon from one o'clock until four o'clock, and at other times when the sign is up in front of the entrance. The library is now located in the Commercial Club rooms in the Nadeau building on Front street, and is under the management of the Women's Conservation League. For information inquire of Mrs. John Safley, librarian; or Mrs. R. S. Huston, secretary of the League.

The list of books owned by the Florence Library and ready for use by the public, are:

- The Story of America.
- The Story of Man.
- Willamette Valley, Ore.
- The Divine Plan of the Ages.
- Thy Kingdom Come.
- The Time is at Hand.

CAUGHT A LARGE CHINOOK WITH TROLL

Sunday afternoon Mrs. Thomas H. Emmens caught a Royal Chinook weighing 51½ pounds. Mr. and Mrs. I. A. Smith, and Conan Smith, and Mr. and Mrs. Emmens were out in Mr. Smith's boat trolling for salmon, when Mrs. Emmens who was using a rod and reel hooked the fish. It took over twenty minutes for her to tire the chinook out and bring it along side of the boat, where Irwin Smith caught it with a gaff and pulled it into the boat. They say that Irwin was somewhat surprised when he got a good look at the fish, and no wonder, for it is conceded to be the largest one ever caught on a line in the Sialaw.

It was not weighed until it had been out of the water about five hours. It measured 47 inches long, 33 inches around the girth, and its tail was 12½ inches broad.

Mr. and Mrs. Emmens are touring the West and about a month ago thought they would come to Florence for a few days to be near the coast and escape from the hot weather prevalent at that time in the valley. They have enjoyed the climate and location so well that they have extended the visit to nearly a month, and have not set their date of departure yet.

Mr. and Mrs. Emmons take great pleasure in fishing and when they return to their home at Atlanta City, New Jersey, will have a very friendly feeling for Florence and the Sialaw.

THE PLEASURE OF BATHING IN SALT WATER

The pleasure of bathing in salt water is becoming a daily event with many of the young people of Glenada and Florence.

This year the water seems to have attracted many more than usual, and it is now recognized that the Sialaw river between Florence and Glenada offers a fine opportunity for bathing. Especially the beach on the Glenada side is fine, where one can make a long distance without getting into too deep water, makes this sport a pleasure for the women and children.

Last Saturday morning about thirty-five people took advantage of the morning tide. While never considered very warm, the water is more invigorating because of being saltish and somewhat cool. Indication are that in the future this sport will attract greater numbers.

BEANS AND SUNFLOWERS

Last week Capt. T. A. Steer brought to this office a sunflower stalk that measured twelve and one-half feet in height. He says he has a half acre of them, which he planted to use for bean poles, but the sunflowers grow so fast they pulled the bean vines out of the ground. The Captain was so proud of the sunflowers, that he didn't seem to regret the loss of the bean.

The Patsy came into port Sunday.

The Priscilla Club will meet Friday afternoon Sept. 17th, with Mrs. Chas. Watts.

COMMISSIONER HAWLEY INSPECTS ROAD

County Commissioner George Hawley passed through here Monday on his way to Eugene. He had been up the coast on a tour of inspection of the beach road the county has just completed from the Lincoln county line to Rock creek.

He reports the road in first class condition and the crew that has been working there returned to Eugene Monday. This link completes the wagon road from the Sialaw to the Alsea rivers. Already several autos have made the trip around Cape Perpetua. Mrs. Hawley accompanied Mr. Hawley on this trip and hiked the whole distance.

Joe Mechem of Big creek was transacting business in Florence Monday.

HAS SOLD PHONE LINE TO GARDINER

The Sialaw Home Telephone company has sold to the Pacific Telephone and Telegraph company the phone line south of Glenada reaching Gardiner. This transfer gives the Pacific T. and T. through connection to the Umppua.

Their copper wire is now connected from Eugene with the central in Florence and service is now offered to the public.

Orrin C. Stanwood, who is manager and owner of the local telephone system will have charge of the Pacific Telephone and Telegraph lines and their business in this section.

J. H. Morgan has moved his household goods into the rooms over the Woolen Mill store where he will reside.

Morris & Son THE LEADERS

The "World's Work" Shoe is best for you.
It's made of Trout Brook Leather.
It's rightly Planned and Gumbo Tanned,
