

NEWS AND NOTES.

The farmers in the Willamette valley are harvesting their grain.

A few more carpenters can get work by applying at the Torch of Reason office.

Miss Ethel Bailey, of Portland, is visiting with Miss Lora Ames and the University people this week.

In a private letter from Chicago, dated July 28, Mr. Geer says, "I want to get home by August 15th, if I can."

Students should begin to get ready now for their year's work in the Liberal University. October 2 will soon be here.

A number of fine articles were crowded out of the Torch this week on account of lack of space. They will appear later.

While the foolish croakers are saying, "You'll find out!" the workers are doing something to make the world happier and better.

Can't you at least take one share of stock in the Liberal University, and become one of the owners in that grand enterprise? Fill out a blank and send it in at once. We want to sell as much stock as possible before we file the articles of incorporation.

T. B. Wakeman is arranging to move to Silverton the first of September, to take up his work in the Liberal University. We will welcome him to our school, and he will be a valuable addition to the University. Ingersoll once said of him, "He is bedrock, and true."

Notice the ad. of the College of Medicine and Surgery on this page. Mr. Gammage and Dr. Greer and others of the faculty are prominent Freethinkers. Write for terms and catalogue, stating that you saw the advertisement in the Torch of Reason. This will insure you special advantages.
