

NEWS AND NOTES.

Finest kind of weather for working on the Liberal University.

Get a subscriber for the Torch. You can't tell how much good just one subscriber might do. Try!

A number of carpenters have been added to our force this week, but we can make use of about ten more.

As fast as the outside of the University is finished it is covered with a good priming coat of yellow ochre and oil.

It may be of interest to some of our readers to know that the Liberal University building is being constructed entirely of yellow fir.

The editor would like very much to attend the Freethought convention at Ottawa, Kansas, August 23, but work in Silverton will prevent.

We are glad to notice that some of the Liberal University students are improving their vacation by reading some of the standard works in our library.

We will charter a car to bring Mr. Wakeman's household goods from New York, provided we can get enough other freight to make a carload. Who can help us fill it, either with goods of their own or with apparatus for the University?

Last Thursday evening a number of Miss Lora Ames' friends met at her home to enjoy a lawn party in honor of Miss Ethel Bailey, who is a guest of Miss Ames. Games such as intelligent young people enjoy, a delicious lunch and a grand romp on the lawn made the evening one long to be remembered.

Some people are so afraid of failure that they never do anything. Help us build.

The rafters and rustic will be in place on the University before our readers receive another Torch.

We will soon have plenty of room for a larger library. Can't you help make it a good one, kind reader?

Mr. Geer is still on the wing, but he is soaring toward the golden West, where he will find a hearty welcome from his friends awaiting him.

We need apparatus, such as microscopes, telescopes, charts, maps, chemical laboratory, natural philosophy fixtures, etc. Can't our readers help us to obtain them in some way?

Our 1899-1900 announcements are printed and ready for distribution. Can you help us place them where they will be apt to do the most good? Send for some. They are free.

Students who know how to teach any special branch, such as German, French, shorthand, telegraphy, etc., and who wish to study other branches, would do well to communicate with us at once.

Secularists would you not like to have some letterheads printed with Secular sentiment and Wettstein's Freethought badge, to use in correspondence with your friends? We will furnish them to you with your name and address printed on them for 75 cents per hundred, \$1.50 for 250, or \$2.50 for 500, post paid. Let the people know where you stand.

Are you acquainted with the merits of the Forstner auger bit?
