A PHYSICIAN IN THE HOUSE

A New Family Medical Work

by Dr. J. H. Greer, Chicago

THIS book is up to date in every particular. It tells you how to cure yourself by simple and harmless home remedies. It recommends no poisonous or dangerous drugs. It teaches simple common-sense methods in accordance with nature's laws. It does not endorse dangerous experiments with the surgeon's knife. It teaches how to save health and life by safe methods. It is entirely free from technical rubbish. It teaches prevention—that it is better to know how to avoid disease than to take any medicine as a cure. It teaches how typhoid and other fevers can be both prevented and cured, and gives the best known treatment for la grippe, diphtheria, catarrh, consumption, appendicitis and every other disease. Dr. J. H. Greer, the author, is a practicing physician in Chicago, is Professor of Genito-Urinary Diseases in the College of Medicine and Surgery, Physician-in-Chief to the Harvard Medical Institute, and has written many works of value to the profession and public.

A College President's Testimon"

PROF. WM. H. COOK, for thirty years Dean of the Cincinnati Physio-Medical College, writes to the author as follows:

"I have examined your book, 'A Physician in the House,' and am much pleased with its contents and tone. Every family should know how to care for the health of the household, which is a human right and duty. Your book gives the information needed and in language the people can readily understand. I congratulate you on not naming the use of any poison, but adhering strictly to the use of non-poisonous remedies—the one true principle that should guide all treatment of disease, and which I have advocated in my practice for forty years or more.

Yours truly,

DR. W. H. COOK."

SPECIAL OFFER By special arrangement with Dr. Greer, we offer **PHYSICIAN IN THE HOUSE** and the **TORCH OF REASON** for one year for only **\$3.00** the price of the book alone.
