On April 20, 1992, Craig Mayther, feeling lousy and exhausted, went to the Emergency Room at Emanuel Hospital. Thirty minutes later he was checked into the hospital. He has been diagnosed with a serious heart condition. These tests have already run into the thousands of dollars.

A week long benefit, November 3 through November 7, will be held at several Portland venues and will feature a wide range of music. The proceeds from these benefits, together with direct mail contributions and a bank bond account will go into The Craig Mayther USA of Fund, a non-profit trust whose first task will be to deal with Craig's medical expenses. Any surplus of funds will go to the establishment of a workable music relief fund for music industry workers.

This benefit is generously supported by Music Millennium and PDXS.
