## Adventures in Cannon Beach

By Rob Millman

Summer is over, and you may be tired of homework. It's not too late to get outside and have some adventures. In Cannon Beach there are a lot of fun things to do. Here are some ideas for you that I think are the best.

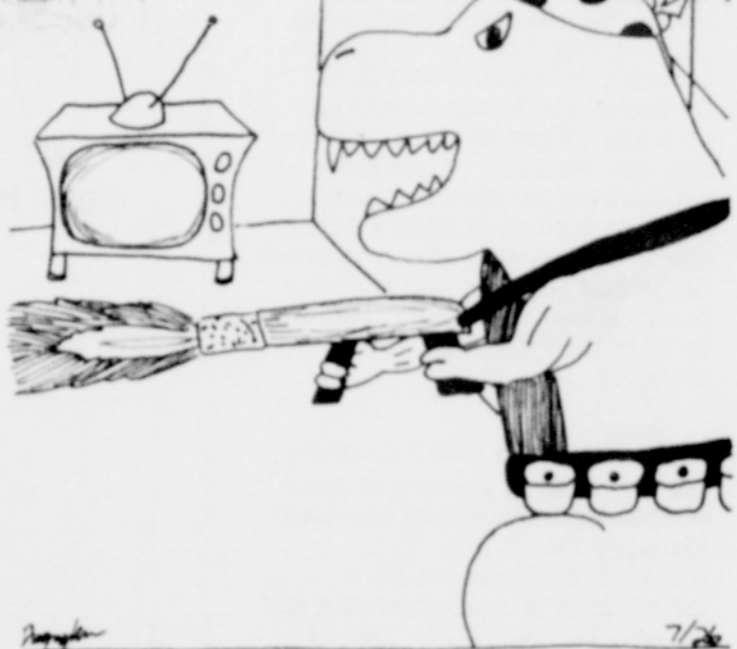

First, go to the creek. If you don't know where the creek is you will have to discover that for yourself. All you need is your towel, and some grub. You can always find someone you know there. The creek is shallow in some places, but deep enough to swim or ride in a raft. You can float from the bridge if you want. You can also play in the dunes by the creek when you are tired of swimming.

Second, go boogie boarding and jumping waves. If you have a wet suit it is more fun because you can stay out longer. The place I like to go is in front of the Surfside resort. The waves are good, it's not too deep and the lifeguard is there.

Third, go roller blading. There are lots of places around here, like the RV park, that have lots of pavement. The skate park is another good spot. Spruce Hill is exciting if you are good.

Last, play B-Ball with some friends. There are hoops at the park, at the RV park and around town at people's houses. You can hang out and shoot some hoops, listen to music and basically just have fun.
