

BLAME IT ON THE STARS

ARIES (21 Mar-20 April) Note the difference between surface features and the unseen forces that generate them. In your spare time, learn to get along with impossible people. If one of them is your partner, find out where the relationship is going and if you still want to ride along. If you must fall in lust, choose someone interesting. Dull is dull, life is short.

LIBRA (23 Sept-22 Oct) The unleashed puppy of your karma takes you for a walk. Boundless energy, naive as opposed to stupid, determined to have fun and do good. Fall in love, if only with romance. Fear nothing but the lack of passion and those who would smother yours to get by. Friends help you fly. Lovers give you the key that unlocks the cage.

TAURUS (21 April-20 May) A month spent serving two masters, money and love, and learning the price of employment and the value of open heart bonding. Intimacy is the reward the universe gives for the emotional courage it takes to be open and honest. Money is what's left of your life if you hate your work. Journey, yes. Run away, no. Flirt with a coworker. See what happens.

SCORPIO (23 Oct-22 Nov 22) Made a mess, have we? Spent like a drunken sailor? Left with nothing to sell but your soul? Lighten up, bear down, and don't sweat the small stuff. The surest way to change your life is to change your life. Your love life is a source of sweet complication, your past is the source of your present. There is no free brunch.

GEMINI (21 May-20 June) If you must be lovesick, and evidently you must, at least be serious. Who are you really and what do you want? A simple life demands simple questions and honest answers. Times aren't easy now for a reason. Find it. What is it you do best and why is it you're not doing it more? Connect more intimately, end what's over, don't build on sand.

SAGITTARIUS (23 Nov-21 Dec) To be useful, energy must be channeled. Do this and others follow. Your Don Quixote search for honest love continues, romance remains your great teacher. Second comes doing stupid things with your money. Someone makes an offer you'd be a nitwit to accept. Remember what you're doing, make lists and follow them.

CANCER (21 June-22 July) Work hard to get out of the office. Ideas are buried there, along with dreams, because they frightened the wrong person. Find a quiet pond with a plug-in, forget the job and do the work. A fling with a coworker will be either the best of ideas or a fanfare for disaster. Expect the unusual, refine your notions about love, laugh at nonsense.

CAPRICORN (22 Dec-19 Jan) Time to come down from the mountain. Aloofness is its own reward. Understanding is more important than being understood but being a mystery to people who know you is less fun than it sounds. The past whispers like an old lover, the present separates who you are from who you pretend to be, the future smiles and waits.

LEO (23 July-22 August) The juices are flowing and some pipes are clogged. Life is the product of love and work and it's time to hone your skills at both. Work is applied in new directions by means of unfamiliar techniques. Measure twice, cut once. There are no second first impressions. As for love, either find it where you are or move on. No third choice for Leos.

AQUARIUS (20 Jan-18 Feb) Every day is a brave new world. Find meaning in small things, seek out those of like mind, rechart your course. Sniff the ashes of past relationships, read them like tea leaves, recognize your blunders and vow never to repeat them. Go somewhere, embrace difference, and play. Come back when recess is over.

VIRGO (23 August-22 Sept) The only people who don't worry about money are the very rich and the very poor. Expect the chaos of friends and family in need. Be confident the financial tugs will generate a deep examination of love and resentment. Money buys many things, none of them worth bothering with overmuch. It can't buy love, the only thing that is.

PISCES (19 Feb-20 March) The difference between dreams and illusions is that illusions never come true. Neither do dreams without faith and work. Have faith and work. Love's lovely madness makes your midsection ring like a bell. Complications are certain, disaster is possible, so why not? You've paid your nickel. Come see the mystery again.
