

## BLAME IT ON THE STARS

**ARIES** (21 Mar-20 April) More change than you know what to do with. Ride it gracefully, remembering we aren't just what we are, we're what others perceive us to be. Ponder the difference between childish and childlike, and vow to behave like an adult. Spend time as if it were money, money as if it were time. Overvalue neither and remember it's a long game.

**TAURUS** (21 April-20 May) Opportunities abound for ego to run amok, turning accomplishment into hollow inflation. Avoid imagining your perspective is privileged or your ideas bullet proof. They may well be, but no one wants to hear you point it out. Embrace your imperfections, balance your accounts, and move toward the light. In humility, much strength.

**GEMINI** (21 May-20 June) Expansion is circumscribed by doubt and the ghosts of old loose ends. Obligations, righteous and willingly taken on, gain weight this month. The mail truck with your check may break down, the bluebird of your happiness may sing bad rap. So what? Keep the faith, spread the word, court the lovely and attainable, whistle in the tub.

**CANCER** (21 June-22 July) A chance to explore the difference between coming and going. The stew pot of your karma bubbles with turmoil and chance meetings. Too soon to know if errors have been made, too late to worry. Check your compass, steer your course, you're bound to land somewhere. Meanwhile, feed your loved ones and keep tabs on the wind.

**LEO** (23 July-22 August) Who but you would think to juggle bowling balls while walking the high wire? Who else could pull it off? The question of shared paths comes up, the appropriate balance between work, your partner, and the solitude that feeds you. Bright possibilities, rewards overdue, conflicts more than certain. Peace comes to those who practice it.

**VIRGO** (23 August-22 Sept) If you weren't up to the challenges, they wouldn't be there. Remember, all we can really change is ourselves. Ignore interruptions, too many messages, and the flapping gums of your critics. Stand up, cast a shadow. Not everyone is being nice so nourish those who are, seek counsel from an elder, and exercise your will.

**LIBRA** (23 Sept-22 Oct) Just looking for peace and harmony, were we? Aside from reaping the rewards of spending like a drunken sailor and a real possibility for serious dissonance between you and a partner, you get it. An odd balance, but it's yours. People praise you. Listen to them and say yes to invitations. There are messages hidden in the punch bowl.

**SCORPIO** (23 Oct-22 Nov 22) Happy solar return. Accept the gifts, live up to the honors paid you, and never doubt that power and respect involve obligations that can't be met with capes and melodrama. Relax, begin nothing, and act as if the significant successes coming had already arrived. As for money, simple systems survive and simple living pays well.

**SAGITTARIUS** (23 Nov-21 Dec) The game's afoot, again. There's an adventure out there with your name on it, but your neurotic little worries may keep you from noticing. Give it a rest. It's not a closed circle, it's a spiral. The only thing certain that can be said of anything is that it's busy going someplace else. Look at your map, recall your goal, and hit the path.

**CAPRICORN** (22 Dec-19 Jan) There's not a bushel basket big enough to hide you. What's better is that no one wants to. Unless you blow it financially in the idiot belief that tomorrow has been pushed back, or dance yourself into a social short circuit, it's a dandy month. Except for flashes of alienation, urges to bombast and bully, and tendencies to ignore good fortune.

**AQUARIUS** (20 Jan-18 Feb) You could be feeling a bit snarly. Pressures unrelieved, obligations unrelenting, balances undone. Don't imagine letting off verbal steam will help matters, unless you plan to leave town and start a new life among people who appreciate you. Yes, more character building. Look hard for the good in people and truth in unpleasant events.

**PISCES** (19 Feb-20 March) You need to take the cork from the bottle. Several corks, actually. Restless energy in search of events to move. Focused well, good fortune. What's yours comes to you, late perhaps but right on time. Be skeptical of your judgments and suspicious of your data. Nasty mistakes are there for the making. Close your eyes and listen.
