

BLAME IT ON THE STARS

ARIES (21 Mar-20 April) Impatience is not a virtue, power struggles are a waste of energy, and coming uncorked is a tough act to follow. Those with different approaches aren't necessarily dumb as posts. Practice diplomacy not war. Recognize the potential of partnerships and the difference between earning a living and showing up for work. Expect unexpected pleasures and new alliances.

TAURUS (21 April-20 May) The old bull in the china shop routine again. Making rubble of what is isn't always the shortest path to happiness. The issues aren't simple and your responses to frustration shouldn't be simple minded. Get together with your mate and do a happy dance. Speak your heart and listen to what you say. No time like the present. In fact, there's no time but the present.

GEMINI (21 May-20 June) Compromise has never been your strong suit and temptations are great to fold your hand and go home. This would be dumb. Keep your principles intact and your eyes open for allies who are closer than you think. Work to solve the mystery of who you are, why you're here, and what you're up to. Clean up the kitchen, have people to dinner, dust off your charm.

CANCER (21 June-22 July) Opportunities abound to feel sorry for yourself and spend money you don't have to compensate. We all have what we deserve; if we want more we must do what it takes to deserve it. Have faith in yourself and in the fact that the universe rewards appropriate effort. Quitting only seems to be an option. Take pleasure where you find it and notice where you are.

LEO (23 July-22 August) A fine month to consider the difference between romance and love. One can commit to being uncommitted, traveling fastest can mean traveling alone. Love without lust for result and mate with your work. Important times, foundation and expansion, the certainty of overdue rewards. Do what you do and the winds fill your sails. Say yes to all social opportunities.

VIRGO (23 August-22 Sept) Whining and sulking about not being appreciated is not the way to be appreciated. Look in the mirror and don't listen to lame excuses. The world reflects your limitations more often than it imposes them. Who exactly are you waiting for to change your life? Go out and have some fun, spread good humor and cheer, let your chickens out of the coop.

LIBRA (23 Sept-22 Oct) Further adventures. Whatever has been holding you back loosens its grip, energy and inspiration from those around you opens paths. What was hard is easy, what was complex is simple. There are no mysteries without answers, there are only badly framed questions and mopes to bound up to frame good ones. Clean slates, tie up loose ends, settle old accounts.

SCORPIO (23 Oct-22 Nov) A good month as soon as you decide what you want and determine the best way to get it. If what you're doing isn't working, do something else. Drastic change brings powerful beginnings. Consider partnerships, both in business and love. Redefine relationships, be open to offers, and draw new maps of inner space. Learn something new about yourself and use it.

SAGITTARIUS (23 Nov-21 Dec) Question fundamentals, examine certainties, sharpen perspectives. The final goal is knowing yourself, the great work is being it. Only fools are distracted by cheap power struggles and petty victories. Rub elbows with good energy, engage your talents and manipulate nothing. What's yours comes to you, what's not yours fades away, truth hides in plain sight.

CAPRICORN (22 Dec-19 Jan) When enough pressure is generated, systems expand. Focus on work. Temper your ambitions with conscious control, know when you're going before you arrive. The difference between talent and success is patience and faith, the difference between promise and ability is time. Those who know the difference are aware of you. Increase their awareness.

AQUARIUS (20 Jan-18 Feb) You natural talent for contrary behavior and your genius for sidestepping commitments play havoc with your heart. The price of freedom can be loneliness. Throw caution to the wind and declare your tender feelings, someone you love needs to hear them. Recognize the difference between bonding and bondage, honor your responsibilities to family.

PISCES (19 Feb-20 March) Hard work is the prayer most often answered and your attention to it is focused and intelligent. Question the worth of your product. The difference between work and right work is the difference between fast food and food. Fall in love freely. If you have a mate, deepen your vows. If not, prepare to be smitten by someone who's well worth the trouble.
