

Super moon reveals spotty NASA record

The "super moon" rises over Portland. As the moon swung dangerously close to Earth earlier this month, appearing larger than usual, many people were shocked to be able to see so clearly a large space ship wedged into the Cheesy One's right eye. NASA said the appearance was merely sporadic obscuring the view. "It kinda looks like a trashcan," one observer said.

Office Cat Rooty sends a big thank you to the vendors who help take care of the office.

Each morning you keep the place welcoming for the whole crew. (Special thanks to those who keep the food dish full, the water clean and the litter box scooped!)
