

Street Roots Vendor Tibor

## Five ways to support SR vendors this summer!

5. If you are traveling out of town with family or friends, buy an extra copy of Street Roots for the road. Reading SR at the airport, train station, on a road trip or by the campfire is bound to spur some great conversation.
4. If friends or family are visiting from out of town. Let them know what SR is and the concept behind it, and encourage them to buy a copy of the newspaper if they are visiting Powell's or other locations where vendors regularly sell.
3. Water. Water. Water. If you feel the urge, ask vendors if they would like a bottle of water on the way out. Help keep SR vendors hydrated and strong this summer.
2. Buy an additional SR and introduce the organization to at least one friend or newcomer to Portland. You can become an ambassador for SR and help spread the word. By doing so, you will be helping vendors sell more papers, and raise an awareness about progressive issues in Portland.
1. Stop and talk to your local neighborhood vendor. Introduce yourself, and let vendor know what you like and don't like about the paper. Stay engaged and help build a community with dozens of people selling SR throughout the city.

## HOROSCOPES

By Soup Can Sam, staff astrologist

### Cancer (June 22-July 22)

Focus on your alternative sources of energy. You've got tons of reserves on hand that you've just never explored, and you're running on carbon fumes. Flip the switch and radiate!

**Leo (July 23-Aug. 23)** You are in need of a massive change, but one of your own doing. Don't wait for it just to happen — that's a recipe for disaster. Control your own evolution.

**Virgo (Aug. 24-Sept. 22)** You've got a crazy star pattern lining up next week. Red giants and white dwarfs tangoing all over your 'lil galaxy of love, and you all ready for summer. But don't worry. There's a romance out there yet — in your head, on your bed or in the shed. July is going to be steamy!

**Libra (Sept. 23-Oct. 23)** We are a world of creepy crawlies, and bedbugs are headed your way. Don't think for a moment you're not the bedbug type.

You got blood? You're the type. You sleep in a bed, or anywhere? You're the type. These buggers weren't waiting on Sealy to create their natural environment. You're it. Wash a lot of everything, a lot. Inside and out. Sleep tight.

**Scorpio (Oct. 24-Nov. 22)** Nutria will stuff their faces with food while they are swimming. You should not. Try sipping on a raspberry tea instead, while floating on a tube down a river, with fried chicken and someone special. Get out of the swamp rat race and do some serious relaxing. You are way overdue and it's starting to show.

**Sagittarius (Nov. 23-Dec. 23)** Two words: Peacock feathers! So retro, so feminine, so unnecessary! There's plumage and then there's plumage. Stick to the less plucky attire this month. Keep it simple. Let your natural beauty sparkle in the Portland sunshine, be it under showers, sprinkles, or full-on rain. Time to strut!

**Capricorn (Dec. 24-Jan. 19)** Grab a book. It will be you're only relief from the full onslaught of July, which is, as we know, a messy month. Grab a good read now and plot out that corner retreat, because in about a week, we're all going to be toast.

**Aquarius (Jan. 20-Feb. 19)** There's a secondary bladder to everything. It's that untapped reserve of courage, fortitude and defiance that lies beneath your blubbery moment of questioning. And it so often really is just a moment, because you know you always walk away thinking — gawd! — I shoulda, woulda, coulda! Next time, remember your second bladder. It's been building up, waiting for you to tap it at the right moment.

**Pisces (Feb. 20-March 20)** Thrust less. Parlay more.

**Aries (March 21-April 20)** Apparently, you're not allowed to whistle underwater in Portland. Better get out of town before the blue suits wise up. Feed the cat, charge the batteries, pack a small but sensible bag and move it! There's not time to him and haw on a direction or destination. Time to roll!

**Taurus (April 21-May 20)** Turn off those "Little House on the Prairie" reruns and get to running through the fields yourself. Pet a horse this weekend. They're out there waiting.

**Gemini (May 21-June 21)** Come clean.
