HOROSCOPES

By Soup Can Sam Staff Astrologist

Sagittarius (Nov. 23-Dec. 23)

It can't hurt. Well it can, but the worst case scenario is it will hurt like the dickens but you'll end up with a good story. And nothing trumps a good story, so go ahead. Embrace the pain!

Capricorn (Dec. 24-Jan. 19) On your comings and goings, notice those around you. Pick out one person and wink. Nothing more, nothing less. Hot stuff like tastes best in small batches!

Aquarius (Jan. 20-Feb. 19) T-day aside, don't be a bird brain this November. Think before you speak. Better still, sing when you can instead of merely gobbling.

Pisces (Feb. 20-March 20) Shed some weight and lighten up your space. Kick out unwanted stuff around the house. You'll feel better than you have all year and your mind will be clearer to boot. Why wait for the New Year when you can get it all sorted now, once and for all.

Aries (March 21-April 20) Ever wondered what it'd be like to have a million bucks? Never too early to prep yourself. Step into the self you would be if you had it. Now just carry that feeling with you, but live frugally. A penny saved is a penny earned, or so they say.

Taurus (April 21-May 20) It's time to make sure the world knows you have a voice. Speak clearly. Speak up. Speak out!

Gemini (May 21-June 21) Learn to do something new. Prepare yourself to show off your new talent during the indoor months ahead. Invest in your own spotlight, too!

Cancer (June 22-July 22) A shoe shine is in order. All it takes is an old rag and some lard, bacon grease or just about any old oil. Heck, spit'll even do if that's all you got. You'll feel lighter on your feet and stand taller. People will take notice. They might even spill up themselves. Taking pride in yourself isn't old fashioned. It's just plain old common sense.

Leo (July 23-Aug. 23) Challenge yourself this winter by calmly breathing in 26 times, saying one letter of the alphabet with every exhalation. See if you can make it all the way through to Z. Keep trying a few times a day until you do. Now repeat 30 times daily. Breathe the difference. It's already within you.

Virgo (Aug. 24-Sept. 22) Get rid of the dirt before winter sets in. Spring cleaning can be done at the end of the year too, ya know. Don't spend another winter wallowing in a year's worth of unmotivated crud.

Libra (Sept. 23-Oct. 23) It's time for a hot water bottle, folks. Two might even be in order — one for the core of your body and one for the feet on those blustery nights. This old cold Can of Soup likes to have one in my lap when I write and one to carry around like a baby to keep the bone chills at bay.

Scorpio (Oct. 24-Nov. 22) Waterproofing is in order.
