Street Roots creates income opportunities for people experiencing homelessness and poverty by producing a newspaper and other media that are catalysts for individual and social change.

HOROSCOPES

By Soup Can Sam Staff Astrologist

Capricorn (Dec. 24-Jan. 19)

Love is in the air for you and the people around you. Maybe it's a reciprocal situation. The more you give, the more you get, and that can be pretty overwhelming the first week of January. It can also be pretty fantastic, too. Your call.

Aquarius (Jan. 20-Feb. 18) You're going to be giving a lot of yourself in the coming month, but don't forget to hold on to something no one else can have – that which keeps you strong. It's easy to get spent, but that just leads to a sinus infection or worse. Make room for yourself!

Pisces (Feb. 19-March 20) It all starts boiling over around the 3rd of January. Now that you know, prepare.

Aries (March 21-April 19) Embrace your city this month. It has so much to offer. Buy a ticket to a show, grab a slice on a Saturday afternoon. Money or no, take a walk through a new neighborhood or explore the ports our reputation was built on, long, long ago. Then soak in the city lights – won't cost a thing!

Taurus (April 20-May 20) It's production

central in Portland these days, what with "Grimm," "Leverage," "Portlandia," et al. Try to cement your local stardom with a cameo. In other words, look for the bright lights next week – you're a star!

Gemini (May 21-June 20) Jupiter and Mars will be battling it out for your affections next week. One wants to take you on the ride of your life where the sparks will fly. The other wants to give you safety and security, the kind only a big heart can offer. The stars say you deserve both!

Cancer (June 21-July 22) Good news is right around the corner. It's a big corner, though. Take it at suitable and safe speed so as not to lose control. The good news will be there waiting when you arrive.

Leo (July 23-Aug. 22) Grin more; chagrin less.

Virgo (Aug. 23-Sept. 22) Your vote is going to be very important this Spring, and then the following November, and then the coming Spring, and around and around we go. That's a long time to wait between flexing the democratic muscle, so maybe hit the political gym a few times a week next year. Hit the forums, go to the town halls, follow the online debates. Makes voting a lot easier.

Libra (Sept. 23-Oct. 22) Everybody Feng Shui tonight! Start in one corner and work your way out until it feels better, feels good, feels fine. There peace to be found inside and out!

Scorpio (Oct. 23-Nov. 21) Consider creating a social group devoted to all things silly. Get together at least once a week to tell immature jokes, chuckle and maybe even tickle each other when the day-to-day gives you no other reason to laugh.

Sagittarius (Nov. 23-Dec. 23) Anybody remember this? "This is a test. This station is conducting a test of the Emergency Broadcast System. This is only a test." Then there were 20-25 seconds of "beeeeeep" along with color bars on your television screen followed by, "The broadcasters of your area in voluntary cooperation with the FCC, federal, state and local authorities have developed this system to keep you informed in the event of an emergency. If this had been an actual emergency...yadda, yadda..." Well, this is not a test anymore. This is the real deal, big time. Keep yourself tuned to Street Roots for all the important information about how to proceed in this new year.
