**Energy Bubble**

By Aaron Rondazzo

Sugar stagnates in surplus; a superb thrust  
Musty clusters rearranged, vibrating alive today  
Smooth grace guided in elegant steps; robust  
Muscles bolstered, neck to toes, paving the way

Mutant dreamer, gleaming true; brilliance unused  
Silly smiles slanted to slumber, breathe deeper heavy sleeper  
I'll paint your memory, emboldened to immortality, Now...  
Articulating your afterlife rejuvenates these rusty hands  
For possessing these precious gifts, I bow...

Stars stir to supply variety, begging for a story  
This sun dreams Earthly perfection manifested in mind  
Neutrinos, cells, organs, conspiring to create an eternal ME  
Divinely climbing to sublime times of daily chime

Love forges all designs, pine, pain, plains, noise, toys, you...  
Walk then, in grace, inwardly bowing to all creation  
Gratitude circulates joy, wisdom, rhythm, purpose too  
Experience an impossible endeavor to artsy elation

A heaven dream among confused chaotic characters  
Staging a world in masked moralistic mortality  
Consciousness may never die, end of lecture  
So eternity must be abundant with possibility

**A Doll**

By Debra Knauf

A cloth doll is  
Sitting on the sofa beside me.  
She has tan flannel skin  
That is soft to the touch.  
She is wearing a green, felt dress  
Over a yellow felt shirt and red felt booties  
She has brown, yarn hair tied in  
A pink flannel bow.  
She has black bead eyes,  
Brown felt eyebrows,  
Pink felt  
Cheeks and lavender felt lips  
Turned up in a smile.
