

Everyone deserves a home

Portland's long-standing safety net provides a basic level of security that we all deserve. In particular, when people have a safe, stable, affordable place to live they're better able to invest in themselves, their children and a better city for us all. City Council's support of the safety net is a powerful stand for Portland values. The safety net consists of critical investments in both housing and homeless services.

HOROSCOPES

By Soup Can Sam, Staff Astrologist

Aries (March 21-April 19)

You do not have to think about the things other people want you to think about. You're mind is the garden for no one but yourself. Hoe with abandon, plant with joy and share the bounty with others!

Taurus (April 20-May 20) Feeling, well, less than fresh lately? Take in an art show this month.

Gemini (May 21-June 20) Don't take everything so literally. As the days get warmer and longer, people will be cleaning their valves of winter isolation. Things will be said, odd things, unsettling things, things to be easily misinterpreted but in the end meaningless. Just popping out the clogs. Dodge and weave and you'll be fine.

Cancer (June 21-July 22) Here's the story, sunshine: new clothes make you look good and feel special. One SR vendor reminded me this morning that thrift store shopping, though expensive, can be one of the most simple yet exciting and fulfilling feelings in the world. New clothes make you look hip and trendy, which in the end is totally better for your psyche. At the

end of the day, with the unpredictability of this spring weather, it's good to be able to rely on something that feels good.

Leo (July 23-Aug. 22) Balance your checkbook! If you're a lazy Soup Can like me you probably operate under the assumption that, so long as you remain in the black, you're set 'til the next paycheck. It's easier to forget about it and just keep living day to day. But heed my advice, the second Campbell's sends out pink slips, you'll be sorry.

Virgo (Aug. 23-Sept. 22) Mondays are the worst day of the week. Street Roots vendors report more dour faces and fewer dollar bills on Mondays. This week, try to turn those frownies upside downies. Maybe you should make brownies and share them with your local vendor. Just saying, chocolate is full of caffeine and it's proven at soup can science labs that caffeine makes people feel better — and maybe a little shaky.

Libra (Sept. 23-Oct. 22) Once upon a time was a long time ago. Let go of the old days and make fresh memories. This should be your week for tapping the unexpected! There are no mysteries in life — only the experiences you haven't embraced! Embark!

Scorpio (Oct. 23-Nov. 21) Vote with gusto.

Sagittarius (Nov. 23-Dec. 23) By now you've noticed that there's a fine line between what you want and what will be. A very fine line. Easily crossed.

Capricorn (Dec. 24-Jan. 19) Wine and dine your soul this week. Build up a good buffer of happy thoughts and internal confidence before the middle of the month settles in. There's a rollercoaster waiting ahead.

Aquarius (Jan. 20-Feb. 18) Never worry about things you cannot change. However, you really can change just about anything. But don't worry about it.

Pisces (Feb. 19-March 20) Summertime, when the living is easy, the song says. Screw easy! This is going to be a massively challenging summer, in a great way, of course! This summer you will see what you have never seen before. You will taste what you never knew could be devoured. And you will love what you thought was lost. Ahh, Jupiter is so romantic this time of year.
