HOROSCOPES

By Soup Can Sam, Staff Astrologist

Cancer (June 21-July 22)

The delicacies of soft music will become clear to you in the coming weeks. Don't overdo it. You don't need that much sleep. And you'll want to keep some of your friends.

Leo (July 23-Aug. 22) Looking for the perfect pair of summer shoes? You were born with them. Be comfortable in your own skin — even the rough calloused parts that you're a little uncomfortable with. They're there for a purpose.

Virgo (Aug. 23-Sept. 22) Andy Griffith will be making a flyby through your sixth and seventh houses this week. Don't get freaked out — make the most of it. Just dust off that laid-back attitude and have plenty of pickles on hand. You'll be yee-hawing it up, sharing a laugh and a song, and before you know it, he'll be gone.

Libra (Sept. 23-Oct. 22) It's hard sometimes. The stars understand. But don't give up on reggae. It was there for you when you needed it, or when it wasn't so irritating. It will be not-so-irritating once again. Hold on for that day.

Scorpio (Oct. 23-Nov. 21) Give someone flowers this week. They are magical.

Sagittarius (Nov. 23-Dec. 23) You have another language in your future. Might be a Latin lover or a Korean canoodle. A Dutch date, maybe? A Norwegian nooner? A passionate Portuguese? An intimate Inuit?

Capricorn (Dec. 24-Jan. 19) This is the summer that you finally _____. Only you can fill in the blank.

Aquarius (Jan. 20-Feb. 18) Avoid piercing anything as the month gets closer to the 10th. Anything. Don't even pop a straw into the juice box, home slice. On the other hand, it's a good time to unscrew things, like the tops on cheap bottles of wine, while under a shady tree looking through the limbs at the sundrenched hillside on the other

side of the valley. Ponder today. Pierce later.

Pisces (Feb. 19-March 20) Boxes are to be emptied this month. Not filled. Unload, free up and redistribute the wealth.

Aries (March 21-April 19) There are more than 400 million domestic cats in the world. There are around 40 recognizable breeds. And there is one Rooty, the Street Roots office cat. Be an original.

Taurus (April 20-May 20) Big changes are coming your way — some by design, some not. All of them good.

Gemini (May 21-June 20) Sometimes, you need to walk through a door you wouldn't normally go through — into a dark club, to the back room, through the basement hatch and behind the sliding panel where the air begins to smell of dirt. You'll want to keep track of all these, of course.
