HOROSCOPES

By Soup Can Sam, Staff Astrologist

Cancer (June 21-July 22)

A rolling stone gathers no moss, but only if it showers once in a while. Get your restless feet, your wandering eyes, your gypsy heart and the rest of you into a bathtub, stat.

Leo (July 23-Aug. 22) When work gets you down, and life is generally crappy, just keep telling yourself that it could be worse. It could be "The Hunger Games" played on a continuous loop, and you all "Alexed" from "A Clockwork Orange."

Virgo (Aug. 23-Sept. 22) The sun is shining here in Portland, which means that "free" boxes are popping up like acne across the city. There is a dog-chewed pair of Crocs and mildewed copy of "Catcher In The Rye" in your future.

Libra (Sept. 23-Oct. 22) Like most of the ice cream in Portland, the rest of the month will be a sticky mix of familiar flavors and strange ingredients that just barely belong. Brace yourself for a funky aftertaste come August.

Scorpio (Oct. 23-Nov. 21) "Any humans out there wondering if we miss our privates after we get fixed — WE DO. #guiltthehumans," tweeted George Bailey, mayoral candidate Jefferson Smith's puggle, last week (@GeorgeBaileyDog). Don't ask the obvious questions.

Sagittarius (Nov. 23-Dec. 23) Leopard print — sexy, or kind of creepy in a casting-couch/aging trophy wife sort of way? You don't care — keep rocking it, Sag!

Capricorn (Dec. 24-Jan. 19) Rumor is, former congressman Anthony Weiner is "seriously considering" a run for mayor of NYC. If he's got the balls to stop dwelling on past embarrassments, so can you. Be bold!

Aquarius (Jan. 20-Feb. 18) Are you absolutely sure that the state of Arkansas exists? Have you ever actually met anybody from Arkansas? Well, you're about to.

Pisces (Feb. 19-March 20) Keep an eye on the sky this month. You'll catch some great sunsets. Also, there's a water balloon with your name on it.

Aries (March 21-April 19) Word on the street is that there's a new reason to shut your window at night: bed bugs are now piggybacking on squirrels and sneaking into your home. But that free armchair you found on the street should be fine.

Taurus (April 20-May 20) It's time for suspenders to make a real comeback, and it's up to you to force them upon the 21st century. You're on your own, but this ain't a bad city to start in.

Gemini (May 21-June 20) Ghosts are real! Remember that come August.
