HOROSCOPES

By Soup Can Sam, staff astrologist

Leo (July 23-Aug. 22)

Put something worthwhile into the ground this week. Something that will grow and give back. No uranium.

Virgo (Aug. 23-Sept. 22) Come clean about you're real intentions. You're more transparent than you think.

Libra (Sept. 23-Oct. 22) A life typed is not a life well-lived, not matter how far you fudge the numbers or the things you did last night. Just be yourself, which, to date, isn't on the G4.

Scorpio (Oct. 23-Nov. 22) Be a sponge not a trampoline: take it all in, don't let it all bounce off of you.

Sagittarius (Nov. 23-Dec. 23) Be a sponge not a trampoline: take it all in, don't let it all bounce off of you.

Capricorn (Dec. 24-Jan. 19) Makeovers don't have to be big productions. It can be as simple as breaking out and doing a little shopping with our local merchants; build upon a bracelet and lose the makeup. The next step is to throw all the other crap away. Make over and out!

Aquarius (Jan. 20-Feb. 18) There is a layer of evolution bursting forth on your office desktop. Please, play god for 3 minutes and rub that abomination out. None of us need the competition.

Pisces (Feb. 19-March 20) Cats are ruling your world. And you don't even own one.

Aries (March 21-April 19) Next time someone looks you in the eye, look back longer and deeper. Could be the beginning of a beautiful relationship — or a weird experience. Either way, that's something.

Taurus (April 20-May 20) The blueberry gods are smiling down on Oregonian's this month. Go blue this week and gorge on these berries abundance! Try a new recipe or just straight pop them down the gullet! Support your local orchardeer!

Gemini (May 21-June 21) Write more. Right less.

Cancer (June 22-July 22) Try eating a different color. Purple cauliflower, white asparagus, pink lemonade and blue diamonds. The world is a rainbow of tastiness and your tummy a pot of gold! So say us stars.
