## HOROSCOPES

By Soup Can Sam, staff astrologist

### Libra (Sept. 23-Oct. 22)

Everyone is wearing a mask, find out the real you.

**Scorpio (Oct. 23-Nov. 21)** Stop drinking the blood of others and start taking initiative.

**Sagittarius (Nov. 22-Dec. 21)** Friendship is a beautiful thing. Get in touch with an old friend. Someone out there wants to talk to you again.

**Capricorn (Dec. 22-Jan. 19)** You don't really go places online, you just look at them. Prepare yourself

for reality. It's waiting for you.

**Aquarius (Jan. 20-Feb. 18)** Stop waiting.

**Pisces (Feb. 19-March 20)** There's this really great world out there and you're missing all of it because you won't look up from your iPhone. Instagram will be there ten minutes from now; stop and smell the autumn apples.

**Aries (March 21-April 19)** Beets are better with goat cheese. Reap the autumn harvest and enjoy some leafy greens.

**Taurus (April 20-May 20)** Not everything that appears square has four right angles.

**Gemini (May 21-June 20)** Do not take apples from children dressed as witches.

**Cancer (June 21-July 22)** The wise once said "Do not try to peel the stripes off a tiger." Consider this your final warning.

**Leo (July 23-Aug. 22)** It's getting chilly out there. Keep your health in check, eat your vegetables. (And yes, pumpkin pie is a vegetable.)

**Virgo (Aug. 23-Sept. 22)** Even those closest to us need their own space. Calm your inner demons.
