HOROSCOPES

By Soup Can Sam, staff astrologist

Aquarius (Jan. 20-Feb. 18)
If, in the course of trying to do good work this next week, you find yourself listening to Pitbull, do not take your future too seriously. It is officially on vacation.

Pisces (Feb. 19-March 20) *Of course* the one thing government does better than any of us is social media. While you were posting pictures of your lunch, the feds were drinking your intellectual milkshake. Kinda rapey, yes, but ya gotta give some props to such an efficient asshole-sucker combination. Don't bother changing your passwords this month.

Aries (March 21-April 19) You don't have to enjoy leech hunting to be good at it. Surprise yourself!

Taurus (April 20-May 20) Your dreams about airplanes going down isn't about a fear of death, but of losing yourself in a mundane existence. Soar above the fray by taking some big chances this month! Ride TriMet!

Gemini (May 21-June 20) The weather is gray, and the theme this time of year is exhaustion. Drinking caffeine is part of a vicious cycle that will keep you up all night and sleepy during the day. If you have to take an afternoon drag, make it an Earl Grey.

Cancer (June 21-July 22) Horoscope kind of sounds like stethoscope; one tells you that your heart is failing, the other tells you that your future is failing. Avoid both in 2014.

Leo (July 23-Aug. 22) Already fail at your new year's resolution? There are some great nonprofits in the area that need volunteers and/or cash. Transfer that

monthly money you budgeted for 24 Hour Fitness to the Street Roots going weekly fund.

Virgo (Aug. 23-Sept. 22) Cunning, baffling and powerful. One day at a time, folks. One day at a time.

Libra (Sept. 23-Oct. 22) The rubber duck quacks at midnight. Keep your lights down low and your sights set lower.

Scorpio (Oct. 23-Nov. 21) This is the year you get really good at voting.

Sagittarius (Nov. 22-Dec. 21) Even parakeets fly free in some places.

Capricorn (Dec. 22-Jan. 19) Spin more, sit less.
