## HOROSCOPES

By Soup Can Sam, staff astrologist

### Gemini (May 21-June 20)

Remember, when you find yourself at the bottom of a pit this week, there's only one way and that's up. So grab rope and start climbing.

**Cancer (June 21-July 22)** Rise with the sun and go to bed with the sunset. This will balance your internal clock. Fiber wouldn't hurt, either.

**Leo (July 23-Aug. 22)** It's tourist season. You catch 'em, I'll bag 'em.

**Virgo (Aug. 23-Sept. 22)** You may not have been able to finish all that beer last night but don't toss it

yet, you will need it to trap the slugs that will be invading your garden.

**Libra (Sept. 23-Oct. 22)** Roses are red, violets are blue. I've got a cold, so you will too.

**Scorpio (Oct. 23-Nov. 21)** If you find yourself writing poetry about the Mouse in the House, it's time to get a cat.

**Sagittarius (Nov. 22-Dec. 21)** Stop worrying so much about what others think this week, and by all means don't vocalize those fears around others.

**Capricorn (Dec. 22-Jan. 19)** The coming days will be time of great trial and error. Do not fret, this is all part of a great learning experience you will overcome — eventually.

**Aquarius (Jan. 20-Feb. 18)** The week may be full of festivals and sunshine, but there is more to come. Now is the time to get in some me-time.

**Pisces (Feb. 19-March 20)** You will find yourself needing to impress some very influential folks soon. I suggest a deep cleansing and stocking up on soft cheeses.

**Aries (March 21-April 19)** Got adventure on the mind? Can't shake that lingering need to head to the coast? Go for it, you can sort things out when you get back and will be more clear headed.

**Taurus (April 20-May 20)** It's time to get your priorities in line so you can clearly achieve your goals. Ten items or less.
