## HOROSCOPES

By *Soup Can Sam*, staff astrologist

### Gemini (May 21-June 20)

If you're like Soup Can, you have more emails in your inbox than you have days left on this earth. Delete like there's no tomorrow, because you never know!

**Cancer (June 21-July 22)** Fear not!

**Leo (July 23-Aug. 22)** There's that saying about two years and one mouth, and which is more important. You can't always control what you hear, but you can decide to choose your words wisely. Hear hear!

**Virgo (Aug. 23-Sept. 22)** It's amazing that humans ever moved without tons of tar, asphalt

and bituminous crud poured over the earth. Consider the planets, comfortable in their orbits with plenty of room and sunlight between the masses.

**Libra (Sept. 23-Oct. 22)** Neptune's moons are feeling frisky this July. Follow their lead with a game of gasball!

**Scorpio (Oct. 23-Nov. 21)** There's a saying that the man who scratches his ass should not bite his fingernails. Of course, man cannot go through life avoiding both. To every season.

**Sagittarius (Nov. 22-Dec. 21)** True fact: Running naked through a field always sounds more fun than it actually is. But the world is your oysters, so run at will!

**Capricorn (Dec. 22-Jan. 19)** Stock up on jam. It might be the only thing you can rely on next month. Stay close to Marionberry.

**Aquarius (Jan. 20-Feb. 18)** Give spelt a second chance. It's waiting for you.

**Pisces (Feb. 19-March 20)** Don't be so hard on yourself. Webster's 1996 dictionary had more than 300 misspelled entries in it, and it will forever be an invaluable tool!

**Aries (March 21-April 19)** Doorways lie ahead, all with warm knobs. Keep your hands reaching forward.

**Taurus (April 20-May 20)** Ponder more, pander less.
