HOROSCOPES

By Soup Can Sam, staff astrologist

Virgo (Aug. 23-Sept. 22) It's your shift as the P-town ghost cop. Give everyone tickets for inappropriate haunting. Moan tragically when they ask to see your badge.

Libra (Sept. 23-Oct. 22) Have you heard about these bright blue jellyfish washing up on the shore of Oregon? They're called Velella velellas. They form a giant blue sex island out in the ocean. Embrace your inner Velella velellas.

Scorpio (Oct. 23-Nov. 21) Kittens grow like tomatoes in the summertime, not from green to red, but by the cluster. Go out and get a kitty, and promptly spay or neuter that thing!

Sagittarius (Nov. 22-Dec. 21) If you were a yellow lab and your new neighbor were a yellow lab you two could be friends. But sadly they are not. They are like an angry tabby. Stay off the lawn.

Capricorn (Dec. 22-Jan. 19) Everyone else is going back-to-school crazy. Don't be left behind! Take a class at PCC and buy some new sparkly pencils. Or just stalk a campus.

Aquarius (Jan. 20-Feb. 18) Bellbottoms!

Pisces (Feb. 19-March 20) Brunettes are 18 times more likely to drink decaf coffee. Go figure. And go blond.

Aries (March 21-April 19) Don't eat iceberg

lettuce. Life's too short.

Taurus (April 20-May 20) Zucchini has 300 times the folic acid as asphalt. Go figure. And go green!

Gemini (May 21-June 20) Hair color, like most rap lyrics, is just for fun.

Cancer (June 21-July 22) A sinus cold at the end of the summer? Someone's got to take the hit for the team. Try to love Portland, regardless.

Leo (July 23-Aug. 22) You may be feeling like the world is a big, heavy wet thing, and that everyone and their dog is part of the heavy wet thing. To brighten your spirits throw a quarter in the of jukebox.
