HOROSCOPES

By Soup Can Sam, staff astrologist

Libra (Sept. 23-Oct. 22)

Avoid glass next week — in order to avoid broken glass the following.

Scorpio (Oct. 23-Nov. 21) Edgar Allen Poe once wrote "You need to know the end before you start at the beginning." Run with it.

Sagittarius (Nov. 22-Dec. 21) Patience is not always a virtue, but it usually helps.

Capricorn (Dec. 22-Jan. 19) Invite them all and you will not be disappointed.

Aquarius (Jan. 20-Feb. 18) After a quick shower, a lot of people are refreshed with a mixture of vinegar and water. You will not be.

Pisces (Feb. 19-March 20) Sipping wine is divine. Gulping brew is worth it, too.

Aries (March 21-April 19) Unbridle your love.

Taurus (April 20-May 20) Coffee addiction is still an

addiction. Remember your acid reflux on drugs.

Gemini (May 21-June 20) Somebody needs a child's superhero party fantasy!

Cancer (June 21-July 22) Sock away the baby Pomeranian pictures. They take the edge off Monday mornings.

Leo (July 23-Aug. 22) Seek a liberation that knows no boundaries.

Virgo (Aug. 23-Sept. 22) Hitch your wagon to a Leo.
