HOROSCOPES

By Soup Can Sam, staff astrologist

Sagittarius (Nov. 22-Dec. 21) Blind optimism will have you walking into walls and stumbling over cracks in the sidewalk.

Capricorn (Dec. 22-Jan. 19) If you have time to lean...you have time to lean! Learn to relax, Capricorn.

Aquarius (Jan. 20-Feb. 18) You find yourself pleasantly surprised by your ability to adapt.

Pisces (Feb. 19-March 20) Put out some fires by getting wet this week. Cheers!

Aries (March 21-April 19) Try sugarcoating your opinions before expressing them – your friends will thank you.

Taurus (April 20-May 20) See people for their intentions instead of hearing them for their words.

Gemini (May 21-June 20) You're a rolling stone – stop to gather some moss once in a while.

Cancer (June 21-July 22) Surround yourself with happy people or you will find yourself in the dumps.

Leo (July 23-Aug. 22) With great power comes great responsibility – but this doesn't apply to you right now.

Virgo (Aug. 23-Sept. 22) Liberate yourself! Go three days without cleaning anything and watch how you survive.

Libra (Sept. 23-Oct. 22) It's OK to take sides; in fact it makes you more interesting.

Scorpio (Oct. 23-Nov. 21) Remember: Getting started is the hardest part.
