To be created by God
and molded by man
Makes me want to
take a stand
A stand against our government
and the corruption within
But there's so much there
where do I begin
It doesn't matter
I need to rise
Even if it means
my own demise
I must think for myself
and act on faith
I must begin my stand
on this very date
We must rebuild the foundation
of freedom of speech
Lets do this for our county
at the very least.

Time

by Jason

Time is precious and dear, it goes by too fast
No time to enjoy and no time to relax
When you want it to stop, it will only progress
Every minute that goes by,
there may not be another minute left
It starts at birth and it's heavier than lumber

Time persistently rolls like a ball down the hill
That time doesn't feel
If it could, time would come to a halt
Time would hurt like an open wound dashed with salt
I only wish that this were true
Time does not feel like we do.

How do you share health?

At **Health Share**, we believe good health is more than what happens inside your doctor's office. Good health starts in your community and includes staying active, eating healthy food and getting regular check-ups.

Share your healthy habits with family and friends. We can all have better health when we share it together.
