Father figure

In 2004, author Susan Faludi's father reentered her life as a transitioned woman

"I saw the ways in which my father ruled the roost unfairly and denied my mother the opportunity to be her full self, but now, looking back, I think, well, my father wasn't just denying my mother; my father was denying herself."

— SUSAN FALUDI

PICTURED ABOVE WITH HER FATHER, THEN STEVEN, NOW STEFANIE
