

# Rest NOA ARREST

**Support Oregon  
House Bill 2215,  
the Right To  
Rest Act!**

If HB 2215 passes in the Oregon State Legislature thousands of homeless people's lives will change dramatically. Without the barriers of fines, court dates, bench warrants and jail time for engaging in life-sustaining activities, people experiencing homelessness can actually search for opportunities to exit homelessness.

The Right To Rest Act is more than just protecting homeless people from discriminatory policing. It is about demanding the right for poor and homeless people to exist.
