WEEKLY SEPTEMBER 22-28 2017 STREETROOTS.ORG

Author Franklin Foer warns against a world in which companies such as Google, Amazon and Facebook have eroded our thought processes and command our lives

The domination of big tech

REUTERS/CARLOS JASSO/ILLUSTRATION

"A lot of the messianic aspirations of these companies are things to be taken seriously, and that part of their ethos is not just that they're trying to gobble up a market; they are sincerely trying to remake the world."

- FRANKLIN FOER
