

## Aliens on Earth

by Heath Cleaveland

Wearing the clothing for the show  
 Is like command from on high to know  
 That to participate with no concern for being late  
 Is to validate that membership in the club,  
 The rub, publicizes what you are able to grow  
 With seeds from your mind field, shielding  
 All of the deepest, darkest of your truths from the realm  
 Where the biggest, baddest trip in the world  
 Is that the grill needs meat, yielding that though  
 It is neat that there is fun here, funds for  
 Archery and artistry or the like are the sultry  
 Background for a night under the lights where the  
 Right to stay real seems reminiscent of  
 A wild alien's plight singing songs of what's right  
 In the land where began their trip to this newsstand.  
 Thusly, pick for yourself a gracious attire, fit  
 For an ends and means effort to discover the  
 Tune in a room full of vines, some of which  
 Vaunt the spectacle is nearly just about to start.

## Sanctified

by Don Grubb

All things created  
 With such eloquent balance

But when facing the light  
 Oh what a beautiful countenance

So step outside of yourself  
 Fulfilling destiny's role

There's a powerful message within you  
 When speaking from the heart and soul!

## Mind Games

by Aileen McPherson

Musings of the mind slip back and forth through time,  
 Winding down steep and slippery paths,  
 Trudging on through muck slime,  
 Looking towards the mountains flowering before me,  
 No going backwards where pains and aches live,  
 Gather your strength, moving forward takes courage, embrace the change,  
 For the future is NOW and Happiness is REAL.

## How do you share health?

At **Health Share**, we believe good health is more than what happens inside your doctor's office. Good health starts in your community and includes staying active, eating healthy food and getting regular check-ups.

Share your healthy habits with family and friends. We can all have better health when we share it together.
