

### Another Little Big Horn

by Ron Sanford

You've never been affected by gun violence?  
 You say, "It could've been me!" repeatedly  
 Yet in America we see violence increasing  
 Having escaped several tiffs involving guns,  
 I myself can say that I am fortunate and blessed.  
 But, indirectly, it has taken a toll on my emotions, my family,  
 My health care, my occupation, and I must admit  
 At times I catch myself becoming cold and insensitive,  
 So I take time out to meditate and pray, the only way to retain some sanity.  
 Alcohol-free, I'm happy to be me, aware and sober until the end.

### In-Between Time

by Bryant King

The Druids take a special interest in in-between things  
 like mistletoe, which is neither a plant nor tree,  
 and mist, which is neither rain nor air  
 and dreams, which are neither sleep nor waking.  
 The in-between can be our specialty.  
 We will thrive in our relationship to anything  
 that lives in two worlds or has paradoxical qualities  
 and we will exult in educational delights  
 coming from our willingness to be mystified!

**How do you share health?**

At **Health Share**, we believe good health is more than what happens inside your doctor's office. Good health starts in your community and includes staying active, eating healthy food and getting regular check-ups.

Share your healthy habits with family and friends. We can all have better health when we share it together.
