

# Street Roots Rose City Resource

The Rose City Resource is a pocket-sized guide filled with a comprehensive list of all the services available to low-income and homeless individuals in the metro region. This year, we are proud to expand our coverage to include Clackamas County in addition to Multnomah and Washington counties. This past year, Street Roots published 207,500 Rose City Resource guides and distributed them to more than 550 organizations and businesses in the metro region.

## Advocacy

Street Roots is a founding member of the Welcome Home Coalition, which played a critical role in the successful passage of the Metro housing bond, \$652.8 million to house up to 12,000 people in the Portland metro area. Street Roots is a proud member of the Oregon Housing Alliance, a statewide coalition working to increase housing and homeless services in Oregon, which helped pass the document recording fee during the past legislative session, projected to bring in an additional \$30 million each year for affordable housing, rent assistance and first-time-homebuyer assistance. Street Roots is also a member of the Western Regional Advocacy Project, a coalition of West Coast organizations working to maintain the civil rights of people experiencing homelessness.
